

DEPOT REGULATIONS

For entering the premises of
CDN Container Depot Nürnberg GmbH, Hamburger Straße 35, 90451 Nürnberg
on foot or by vehicle

- The rules of the road (German StVO) are in effect on the entire premises. Vehicles must be driven at walking speed
- Vehicles must merge into the traffic lanes up to stopping lines of the parking bays in an orderly fashion

- Pedestrians must use the paths which are marked for them
- High-visibility vests must be worn at the entire depot without any exceptions.

- The entire premises of the depot are a no-stopping and no-parking area, with the exception of the specifically marked traffic lanes.
- Presence on the premises of CDN is allowed solely for the purpose of container handling.

- Hamburger Straße is an ENTRANCE only. Koperstraße is an EXIT only!
- As soon as a truck is queued up in traffic at the depot, the driver must report his or her arrival to the depot handling department.

- If there is no clearance or registration, a waiting time of 30 minutes is granted. Afterwards, the premises must be vacated without any further notice.

- Prior to loading, drivers must adjust the truck body according to container size
- Drivers must wait in their trucks at the stopping line of the parking bay until the display panel clears the truck for entrance to the checker.

- The checker arranges the further handling process
- Presence in the working area of moving or operating reach stackers is forbidden.
- **During the loading process, drivers must exit their trucks and stay outside the danger zone of the reach stackers!!**

- Drivers must check the orderly loading (positioning of the container on the vehicle), and inspect the containers for cleanliness and potential damages
- Drivers are responsible for the proper locking of containers on their vehicles.
- Instructions of CDN staff must be followed promptly.
- Reachstacker have the right of way.
